Manzanita Area Outage

TILLAMOOK, OR - January 24, 2008- About 2,200 Tillamook PUD customers in Manzanita and Bayside Gardens lost power at about 4:50 a.m. this morning when a conductor wire burned down. Heavy electrical load on the line as a result of extreme low temperatures and high electrical use was the likely cause.

Repairs were made and power was restored in Manzanita at 6:10 a.m. and in Bayside Gardens at 7:10 a.m.
